# DATA CENTER SWITCHBOARD SOLUTIONS

**Reliable Power. Built for Uptime.  
Switchboards for the Next Generation of Data Centers.**

## POWER DISTRIBUTION

MCXP switchboards are engineered to deliver reliable and secure power distribution for a wide range of applications. Constructed with high-quality materials and components to ensure long-lasting performance.

We offer a comprehensive range of switchboards to meet specific application requirements. Whether you're facing tight timelines, unexpected change orders, or mission-critical installations, our quick ship capabilities keep your projects moving — fast.

MCXP stocks, assembles, and promptly delivers major manufacturers low voltage UL 891 solutions.

At MCXP Solutions we have an enormous inventory and the capability to accommodate any project size.

**WITH DEEP TECHNICAL EXPERTISE, AGILE PRODUCTION PROCESSES, AND A COMMITMENT TO QUALITY, MCXP IS THE PARTNER TO TRUST WHEN FAILURE ISN'T AN OPTION.**

### COMMITMENT TO DELIVERY

Our mission is to build and deliver product on time. Lead time are not a suggestion.

### KNOWLEDGE YOU CAN COUNT ON

With more than 50 years of experience, our team can custom design and assemble complex electrical systems.

### IN-STOCK AVAILABILITY

With over 75,000sqft of inventory, MCXP is equipped with stock in SQD, ABB, and LS.
